**Subject:** Request for Notification of Flamborough Quarry Activities

August 6, 2004

Kevin C. Christenson  
City Clerk  
City of Hamilton  
71 Main Street West  
City Hall, 2<sup>nd</sup> Floor  
Hamilton, Ontario, L8P 4Y5

Letter by e-mail to: [clerk@hamilton.ca](mailto:clerk@hamilton.ca)

Dear Mr. Christenson:

As the Chair of FORCE – Friends of Rural Communities and the Environment - I am requesting, through you, that our group be kept informed, through me, of any and all formal activities relating to the proposal for an aggregates quarry in the northeast corner of the former town of Flamborough, bounded by Milborough Townline and the 11<sup>th</sup> Concession East.

Lowndes Holdings Limited has amassed approximately 400 acres in this area. They are planning on applying for both provincial and municipal approvals for a Category 2, Class A Quarry below the water under the Aggregates Resources Act. While no formal application has yet been submitted to the City, we are aware that there have been informal discussions with staff and an application remains pending.

We request that we be informed in a timely and expeditious fashion:

- when a formal application is made to the City
- the nature of the precise application with a copy of the application and companion technical studies being made available to us in their entirety
- the process and timeframes the City will use to review the application
- the public consultation procedures the city will employ as part of their review as required at a minimum by the Official Plan and any relevant provincial statutes.

If you have any questions concerning my requests, please feel free to contact me at 905-659-5417 or [grahamflint@stopthequarry.ca](mailto:grahamflint@stopthequarry.ca). Thank you in advance for your co-operation in this important request.

Sincerely yours,

Graham Flint

**Graham Flint**  
**Chairman**
