

APPEAL OF MINISTER’S ZONING ORDER FILED BY ST MARYS

Toronto, ON, May 10, 2010 –St Marys Cement Inc. (St Marys) is challenging the issuance of a Minister’s Zoning Order for the proposed Flamborough Quarry.

The Request to Revoke Minister’s Zoning Order (Ontario Regulation 546/06) was submitted to the Minister of Municipal Affairs on May 10th, 2010. The submission asks for the Minister to refer the matter to the Ontario Municipal Board for a hearing and decision under the existing regulatory framework.

“As we have stated before, St Marys was surprised and disappointed by this unprecedented decision and we believe the Ontario government has made a grave error,” said John Moroz, Vice President and General Manager of St Marys Cement, CBM.

“Our application was making its way through the rigorous provincially and municipally mandated processes and we believe – if the project is assessed on its merits – it will be ultimately approved.”
