

City of Hamilton Peer Review Team for Lowndes Holdings' Application
OPA-04-17 and ZAC-04-89

In addition to Steven Rowe, the Aggregate Planning Advisor, the following consultants have been selected by the Director of Development and Real Estate, in concert with the Legal Services Division:

- Jagger Hims Limited for peer review of geology, hydrogeology and operations
- Dougan & Associates for peer review of natural heritage/ecosystem, aquatic and terrestrial biology
- IBI Group for peer review of traffic safety and highway engineering and operations
- Valcoustics Canada Limited for peer review of noise and vibration from traffic and quarry operations, including blasting.

The Peer Review Team's actual consulting work will commence once the funding arrangement between the City and the proponent is in place. The proponent's funding is not in place as of May 18, 2005.

The City of Hamilton will also be retaining consultants in the areas of air quality (including dust) and in municipal economics. These consultants will be retained later in the process when more detailed information is available.
