Dear Sir/Madam,

You recently received a letter from the Hamilton Wentworth Federation of Agriculture objecting to the proposed quarry in Flamborough.

This letter is being sent to you in support of the Hamilton Wentworth Federation of Agriculture and its concerns. As the proposed quarry does not fall in the jurisdiction of Halton Region, but on the border, there is concern that operations at the quarry will impact on the business of farming in Halton Region.

Our region already faces the loss of farming and the farming industry due to regulations put on it by government agencies, we do not wish to see any more hardship put on our farmers.

Please consider this letter and its contents.

On behalf of the directors of the Halton Region Federation of Agriculture

Yours truly,

Lorna Wilson
President
Halton Region Federation of Agriculture.
